

# Ultimate moisture control

Far outlasts cotton rolls and other absorbent pads, and doesn't lose moisture when handled.

## DryTips® advantage over traditional cotton rolls:

- Effective coverage of parotid orifice and buccal mucosa
- Polyethylen film for cutting protection
- Enables easier access to molar region
- Flexible, accomodates cheek movement
- Stays comfortably in place, yet is easily removed with water spray
- Reflective coating for increased visibility and to aid in retraction

**NEW!**  
Reflective coating now available.

## IDEAL FOR:

- Impressions
- Occlusal adjustments
- Orthodontics
- Fluoride applications
- Composites
- Cementation
- Fissure sealing
- Paint-on techniques

## For your DryTips® order:
